

Screw-in Tools

EDW 30

patented screw-in tool for
damage free installation
of cable glands

Technical Data

No.	Thread mm	Wrench Size mm	Torque (Nm)		kg/piece	Description
			Gland Body	Screw Bush		
EDW 18	M 18 x 1,5	24	40 + 5	20 + 5	0,520	<ul style="list-style-type: none"> • With this tool it is possible to screw-in cable glands without scratching the surface, especially if they are chrome or nickel plated. • For the first time cable glands can be fitted with a defined and controlled torque. This avoids loosening of the gland while mounting or dismantling the cable. • Herewith the EMV-requirement for low-ohmic and unchangeable fixing of the gland is guaranteed. • very important for documentation and quality control
EDW 24	M 24 x 1,5	24	60 + 5	40 + 5	0,650	
EDW 30	M 30 x 2	24	80 + 5	60 + 5	0,760	
EDW 36	M 36 x 2	24	90 + 5	60 + 5	1,190	
EDW 45	M 45 x 2	30	100 + 5	60 + 5	1,460	
EDW 56	M 56 x 2	36	110 + 5	70 + 5	1,160	
EDW 72	M 72 x 2	46	120 + 5	70 + 5	1,160
